## Free Range Pork

After the huge success of our deliciously tender Packington free range chickens, **Food4Macc Direct** is now pleased to offer large packs of Packington free range bacon and sausages. The sausages are 80% meat with no sinews and are excellent quality. The bacon is dry cured or smoked.

Packington pigs are born and live their whole lives outside; with mud wallows in the summer, fresh bedding, high quality food, a plentiful supply of water and lots of tender loving care, the pigs thrive naturally and healthily. Compare this with the battery reared pork in the supermarket and it's a no-brainer!
