Fresh Local Whole Trout

Food4MaccDirect is offering farm reared whole rainbow trout from Danebridge Fisheries in Wincle, about 6.5 miles from Macclesfield. The spring fed river Dane feeds the farm and the trout are reared in this free flowing river. On the day of delivery to **Food4MaccDirect**, the trout are gutted then packed in individual plastic sleeves in recyclable boxes with ice.

All trout are sold whole on the bone and should be a minimum gutted weight of 260g (9.3oz). Prices are £1.90 for members and £2.20 for non-members who can buy trout on a trial basis for up to a month. The prices are very competitive compared with supermarkets and local shops. **The freshness is key - when you pick up your trout, it will be hours not days old - a real difference in taste and texture.**

Send an e-mail to orders@food4maccdirect.co.uk to order your trout and register your interest in becoming a full member of **Food4MaccDirect** or a member of the Meat, Poultry and Fish Buying Group.
